

SARAN MANDAL

Computer Science Graduate · Full-Stack Web Developer

+91 76358 16673 | mandalsaran123@gmail.com | linkedin.com/in/saran-mandal-b70370304 | Guwahati, Assam 781025

PROFESSIONAL SUMMARY

Motivated Computer Science graduate from Gauhati University with hands-on experience building full-stack web applications using the **MERN Stack** (MongoDB, Express.js, React, Node.js) and backend systems in **Python** and **Java**. Developed multiple small-scale projects spanning REST APIs, dynamic UIs, and database-driven applications, demonstrating practical command of modern development workflows. Eager to join a forward-thinking engineering team where strong fundamentals, cross-stack versatility, and a drive for continuous learning can deliver immediate impact.

TECHNICAL SKILLS

Languages	Python, C, C++, PHP, JavaScript (ES6+), SQL
Web Technologies	HTML5, CSS3, Responsive Design, DOM Manipulation, REST API Concepts
Database	MySQL, DBMS (Normalization, Transactions, Indexing, Query Optimization)
Tools & Software	MS Office Suite, Adobe Photoshop, Microsoft PowerPoint
Concepts	Data Structures, OOP, SDLC, Version Control (Git)
Languages (Spoken)	English, Assamese, Bengali, Hindi

PROJECTS

Animated Developer Portfolio | *HTML5, CSS3, JavaScript, React* 2024

- Designed and built a fully animated personal portfolio website featuring smooth CSS keyframe animations, scroll-triggered effects, and a responsive layout optimised for all screen sizes.
- Implemented component-based architecture using React to manage sections (About, Skills, Projects, Contact) cleanly and reusably.

Photo Gallery with Sync | *HTML5, CSS3, JavaScript, MongoDB* 2024

- Built a dynamic photo gallery with grid layout, lightbox preview, and real-time sync functionality — images stored and retrieved via a MongoDB backend, keeping the gallery updated without page refresh.
- Implemented filter and category features using vanilla JS DOM manipulation for a smooth, interactive browsing experience.

Frontend Mini Projects Suite | *HTML5, CSS3, JavaScript, React* 2023 – 2024

- To-Do List App** — Built a fully functional task manager with add, complete, and delete operations; state managed with React hooks (`useState`).
- Digital Clock** — Real-time clock rendering live time updates every second using `setInterval` and JavaScript Date API with a clean CSS UI.
- Dark Mode Toggle** — Implemented a site-wide theme switcher using CSS custom properties and `localStorage` persistence across page reloads.

Full-Stack Real-World Application (*In Progress*) | *React, react-dom, Node.js, Express.js, MongoDB* 2025 – Present

- Actively developing a production-grade MERN stack application with user authentication, RESTful API design, and a dynamic React front-end connected to a MongoDB Atlas database.
- Focused on real-world engineering practices: component reusability, API error handling, responsive UI, and clean project structure.

E-Commerce Management Web Application | *HTML5, CSS3, JavaScript, PHP, MySQL* 2023

- Delivered a full-stack e-commerce platform with user authentication, product listings, shopping cart, and order management built on a normalized MySQL schema.
- Handled both front-end UI and PHP back-end integration, supporting concurrent transactions and an admin order control dashboard.

EDUCATION

Pursuing MCA – <i>Girirjananda chowdhury University, Azara</i>	2025 – 2027
Bachelor of Science in Computer Science – <i>Gauhati University, Guwahati</i> CGPA: 5.97 / 10 Major: Computer Science	2021 – 2024
Higher Secondary Certificate (Class XII) — Science – <i>Assam Higher Secondary Education Council</i> Percentage: 68.2%	2019 – 2021
Secondary School Certificate (Class X) – <i>Board of Secondary Education, Assam</i> Percentage: 60%	2018 – 2019

CERTIFICATIONS & TRAINING

Diploma in Computer Applications (DCA) & Desktop Publishing (DTP) – <i>Professional Computer Institute</i> 6 Months
Completed a 6-month accredited course covering computer fundamentals, Microsoft Office productivity tools, digital publishing workflows, and foundational IT operations.

ADDITIONAL INFORMATION

Interests	Content Creation, Video Editing, Digital Media Production, Game Development Concepts
